Check the last column in the overview (Semester) to find out whether a course is available in Semester 2, 4, or 6 (or all of them). EU Modules are available in the Winter and Summer Semesters and open from Semester 1 or 3 through to Semester 6. [This catalogue includes also last Winter Semester courses.](#)

Course Descriptions

To find a course on Moodle or its detailed course description on the University website, please use the **Moodle Course ID** provided in this document. On the website, it appears in square brackets directly under the course title in the programme overview. Detailed course descriptions for *Cultures Européennes* courses can be found on the BCE website, under 'Programme' / *Cultures Européennes*. Specialisation track descriptions are available on the webpages of the five BCE specialisation tracks.

ECTS Awarded for Cultures Européennes Courses

Standard courses in the *Cultures Européennes – Foundation Modules* (EU1-4) are awarded 4 ECTS. In the *Cultures Européennes – General Modules* (EU5-8), standard courses are awarded 3 ECTS. There are four types of transversal courses that can be used to validate credits in EU Modules from your 3rd semester onwards: (1) *Advanced Interdisciplinary Seminars*, worth 8 ECTS (EU1-4), (2) *Advanced Disciplinary Seminars* and (3) *General Interdisciplinary Seminars* (EU5-8), worth 6 ECTS, and practical workshops (EU5-8), worth 3 ECTS.

Second Specialisation

You have the possibility of developing a second specialisation in one of the 5 BCE specialisation tracks. If you are interested in this option, we advise you to choose courses from this field on offer in Modules EU1-4. You will be able to apply to register for a second specialisation at the end of your first year. Admission to a second specialisation is not automatic, however: it depends on available places and on your performance in your chosen field in your first two semesters.

DE

Das *Fachübergreifende Vorlesungsverzeichnis des BCE* führt das gesamte Studienangebot des BCE auf. Bitte beachten Sie, dass einige dieser Kurse erst ab dem vierten Semester belegt werden können. Überprüfen Sie die letzte Spalte der Übersicht (Semester), um nachzusehen, ob ein Kurs in Semester 2, 4 oder 6 (oder allen drei Semester) angeboten wird. EU Module können im Winter- und Sommersemester belegt werden und bleiben vom 1. oder 3. Semester bis zum 6. Semester offen. Dieses Vorlesungsverzeichnis führt Kurse des letzten Wintersemesters auf.

Für Standardkurse der *Cultures Européennes – Foundation Modules* (EU1-4) werden 4 ECTS vergeben. In den *Cultures Européennes – General Modules* (EU5-8) sind es 3 ECTS. Es werden vier verschiedene Arten von modulübergreifenden Kursen angeboten, die Sie ab dem dritten Semester belegen können, um EU Module zu validieren: für (1) *Advanced Interdisciplinary Seminars* (EU1-4) werden 8 ECTS, für (2) *General Interdisciplinary Seminars* und (3) *General Interdisciplinary Seminars* (EU5-8) 6 ECTS und für Praxisworkshops (EU5-8) 3 ECTS vergeben.

Zweite Spezialisierung (Nebenfach)

Sie haben die Möglichkeit, eine zweite Spezialisierung (Nebenfach) in einem der 5 BCE-Kernfächer aufzubauen. Falls Sie sich für diese Möglichkeit interessieren, raten wir Ihnen, Kurse dieses Kernfachs in den Modulen EU1-4 zu belegen. Am Ende Ihres ersten Studienjahres werden Sie sich für eine zweite Spezialisierung bewerben können. Die Zulassung zur zweiten Spezialisierung erfolgt nicht automatisch: Sie wird von der Verfügbarkeit der Studienplätze und Ihrer Leistung in den ersten beiden Semestern im ausgewählten Kernfach bestimmt.

TRONC COMMUN EN CULTURES EUROPÉENNES

GEMEINSAMES CURRICULUM IN CULTURES EUROPÉENNES

EU1-4

CULTURES EUROPÉENNES – Foundation Modules

Module EU1 | Cultures Européennes

Module Description

This module attempts to both delineate and disentangle notions of Europe and European culture(s) and engages both students and staff in an interdisciplinary reflection about Europe, its definitions, its histories and challenges, its limitations and the opportunities it offers. What are the limits of Europe – geographically, culturally, historically, ideologically ...? How have European expansionist movements affected cultures and societies both within and beyond its borders on a local, national and global scale? Is the idea of Europe tied to recognisably European values? Are these shared by cultures and nations located within its geopolitical boundaries?

The idea of this module is not to establish a necessarily pro-European framework for this programme. On the contrary, we wish to engage our students in active, thoughtful and, at times, controversial reflections on what it means or could mean to be European.

Learning Outcomes

Once you have completed this module, you should be able to:

- DEMONSTRATE a critical understanding of the most common narratives about Europe and European cultures;
- EVALUATE the cultural, historical, ideological, and geopolitical dimensions of complex constructs such as Europe or European cultures and identities.

Structural Information

Required to close and validate this module: 12 ECTS. Open: Semester 3-6.

This module is compulsory for all BCE Students.

Transversal Courses: you can choose one option from 'Transversal Courses I' (8 ECTS).

The module will close once you have obtained 12 ECTS, in other words once you have passed 3 standard courses.

Module EU2

Cultures Européennes : Les origines de l'Europe moderne

The Origins of Modern Europe / Die Ursprünge des heutigen Europa

Module Description

This module investigates the origins of modern Europe from a variety of angles. How did European cultures develop? How did people see the world and themselves in it in medieval Europe or in the era of Greek and Roman Antiquity? Did Europe as an idea or geographical denomination exist or matter? Can some of this be traced back to more recent, contemporary perceptions of Europe? Explore these and other questions by learning Latin, or by finding out about Ancient Philosophy, or Ancient and Medieval society and civilisation.

Learning Outcomes

Once you have completed this module, you should be able to:

- DEMONSTRATE an understanding of the origins of modern Europe from a historical, philosophical and linguistic perspective;
- EVALUATE the social, cultural, and philosophical impact of ancient and medieval thought on constructions of modern Europe.

Cultures Européennes : L'Europe des idées

Movements and Trends in European Thought / Europäische Kultur- und Ideengeschichte

Module Description

This module focuses on the Modern and Contemporary eras and investigates movements and trends in European thought from the Early Modern period to the 21st Century. How do historical (and other) narratives contribute to these beliefs? Is there such a thing as a Europe of Ideas?

Learning Outcomes

Once you have completed this module, you should be able to:

- ANALYSE and EXPLAIN how movements and trends in European thought have impacted on current worldviews and perceptions of Europe;
- DEMONSTRATE a good grasp of the ways in which literary and philosophical questions and historical narratives are generated, perpetuated, and subverted.

Structural Information

Required to close and validate this module: 12 ECTS. Open: Semester 1-6.

Modules EU1-4 TRANSVERSAL COURSES I

Advanced Interdisciplinary Seminars

Module Description **Advanced Interdisciplinary Seminars** typically explore trends and movements in European thought and culture from a variety of perspectives and are designed to introduce students to interdisciplinary research and approaches. However, they are awarded 8 ECTS and can be used to validate two courses in one EU Module (EU MODULES 1-4) in Semesters 3-6. Each interdisciplinary seminar has between 15 and 25 places available.

Enrolment Advanced Interdisciplinary Seminars are available in EU Modules 1-4, and you can choose in which module you want to do them. To enrol in an advanced interdisciplinary seminar:

- Choose the Advanced Interdisciplinary Seminar you wish to enrol in.
- Choose the module in which you want to do the Advanced Interdisciplinary Seminar. The Module information appears above the title of the course in the course enrolment section of the student portal.
- Apply for enrolment.
- Submit your motivation letter on BCE-104 on Moodle.

Structural Information Required: 0 ECTS. Open: Semester 3-6.

Transversal Courses: you can choose Advanced Interdisciplinary Seminars ('Transversal Courses I') to validate the equivalent of two standard courses and close EU Modules 1-4. EU Modules close once you have obtained 12 ECTS.

Modules EU5-8 TRANSVERSAL COURSES II

Advanced Disciplinary Seminars, General Interdisciplinary Seminars, Practical Workshops

Module Description **Advanced Disciplinary Seminars** are field-specific seminars that are open to students from other fields. They require more work and are awarded a higher number of ECTS.

General Interdisciplinary Seminars typically explore general social and cultural issues and practices from a variety of perspectives and are designed to introduce students to interdisciplinary research and approaches. They are actively bilingual and will, ideally, encourage code-switching. General Interdisciplinary Seminars require a high level of commitment of participating students, but also invite them to participate in ongoing general debates.

Practical Workshops propose practical introductions to the types of professions graduates of the BCE might wish to embark on. Through encounters with professionals and field experience, these practical workshops are designed to facilitate the transition between student and professional life.

- Form**
- **General Interdisciplinary Seminars** are co-organised and ideally co-taught by 2-3 UL members of staff from different disciplines and typically meet once a week for 90 minutes. However, they are awarded 6 ECTS and can be used to validate two courses in one EU Module (EU MODULES 5-8) in [Semesters 3-6](#). Each interdisciplinary seminar has between 15 and 25 places available.
 - **Practical Workshops** are awarded 3 ECTS and can be used to validate one course in EU MODULES 5-8 in [Semesters 3-6](#). Because they involve fieldwork and meetings with professionals, they may involve irstandard meetings.

Enrolment Advanced Interdisciplinary Seminars are available in EU Modules 1-4, and you can choose in which module you want to do them. To enrol in an advanced interdisciplinary seminar:

- Choose the General Interdisciplinary Seminar you wish to enrol in
- Choose the module in which you want to do the General Interdisciplinary Seminar. The Module information appears above the title of the course in the course enrolment section of the student portal.
- Apply for enrolment.
- Submit your motivation letter on BCE-104 on Moodle.

Structural Information [Required](#): 0 ECTS. [Open](#): Semester 3-6.

[Transversal Courses](#): you can choose Advanced Disciplinary Seminars, General Interdisciplinary Seminars, or Practical Workshops ('Transversal Courses II') to validate the equivalent of one or two standard courses and close EU Modules 5-8. EU Modules close once you have obtained [12 ECTS](#).
